Renault reserves the right to modify its prices without notice. It is therefore necessary to check with the distributor that characteristics, equipment and prices of vehicle on order are as advertised. Retail prices for ZOE models are communicated including VRT relief, VAT and SEAI grant of €5000 for private customers. Please note that the grant available to commercial customers is € 3800.

If NEDC emission test protocol, the values shown are NEDC back-translated. If WLTP emission test protocol, values shown are WLTP. WLTP emissions and consumption values shown are for a standard vehicle with no options. Most Renault cars are fitted with an optional spare wheel at no extra cost, which will typically increase the WLTP CO2 emissions by 1 g/km. Your dealer will be able to confirm the CO2 emissions of your selected car with its specified options.
